Now is the Time!

A few more Recruits wanted for the "Grays."

I want stout, able-bodied men, single men preferred. Of the Company it is needless to say more than that it is second to none in the Confederate service, well drilled and armed with the most improved guns, the Harper's Ferry Rifle. Come up and give in your names, receive the bounty, and start for the seat of war, where you are needed.

J. A. SLOAN,
1st Lieut. Guilford Grays.
